## PINEY WOODS CONSERVATION ADVENTURE CAMP

July 12<sup>th</sup> - July 15<sup>th</sup>  
Rayburn Country Jasper, TX

**2 Tracks**  
*WILDLIFE ~ FISHERY*

## What's this camp all about?

### 4-H Conservation Camp in East Texas

The Piney Woods Conservation Adventure Camp (PWCAC) is designed to educate 4-H youth age 14+ (with 1 year of school remaining) about wildlife and fisheries, and to inspire them to be future leaders for natural resource conservation in Texas. Participants can choose the track they want to learn more about! Each track is limited to 20 participants, giving each student the opportunity to interact closely with guest speakers. It is an intensive, hands-on camp that provides real world application and education to its participants by putting them in the field with a wide range of experts.

What's camp without recreation time! Participants will be given time to fellowship and mingle with other members of the camp through fun activities, such as: swimming, playing board games and spending time at the shooting range.

Cost: \$300/person (includes lodging and meals)

### Learn to Plan as a Conservationist

As the participants learn about different conservation practices, they will get to use what they learn immediately! Participants will be working together to develop a real world conservation plan.

- 
- **Hands-on Activities** • **Pick your Track**
  - **Recreation: swimming/shooting range**
  - **Spotlight Counts** • **Electroshock boat activities** • **Career Exploration** • **Small Class Size** • **5-Star Facilities** • **And Much More...**
- 

**REGISTRATION FORMS ARE TO BE SUBMITTED TO the Newton Co. Extension office via mail (postmarked) or e-mail by June 1. If selected, fees are due to the same office by June 15<sup>th</sup>.**

### OUR CAMP PARTNERS

**A number of East Texas partners have come together to plan, develop and execute this amazing experience. Our partners include:**
